Log In

Select Admin as the user role. Default username is admin and default password is admin123. Password can be changed later.

Admin dashboard:

Upon logging in as an administrator, you are presented with a comprehensive **Admin Dashboard**, designed for efficient oversight and management of departmental feedback and grievance processes. Key features include:

- **Personalized Welcome Panel**
- **Quick Access Sidebar:** The left sidebar provides streamlined navigation to all major modules, including Dashboard, Management, Assignments, and CSV Upload
- **Core Statistics Overview:** Prominently displayed key metrics, updated in real-time, include:
 - **Active Grievances:** Instantly view the number of unresolved or current grievances requiring attention.
 - **Total Feedbacks:** Monitor the cumulative number of feedback entries submitted by students.

- **Total Students and Faculty Members:** Track the headcount of students and faculty currently registered in the system.
- **Total Courses:** Current number of active courses managed.
- **Top Rated Faculty Widget:** View the faculty member with the highest student ratings.
- **Grievance Status Overview:** Instantly monitor the current distribution of grievances. “Pending” and “In Progress” counts are clearly displayed, helping administrators keep track of unresolved student concerns.
- **Recent Grievances Feed:** Displays the latest student-submitted grievances, including their status and date of submission.

Management module:

Student management

The screenshot displays the 'Student Management' page within an 'Admin Panel'. On the left is a blue sidebar with navigation links: Admin HOD, Dashboard, Management (selected), Students, Courses, Faculties, Grievances, Elective Courses, Assignments, and CSV Upload. The main content area has a header with 'Admin Panel' and a 'Logout' link. Below the header, the 'Student Management' title is followed by a red 'Bulk Delete by Semester' button. Search and filter controls include 'Search by Name' (Student name...), 'Search by ID' (Student ID...), 'Filter by Batch' (Batch...), and 'Filter by Semester' (All Semesters dropdown). A table lists student records with columns: S.no, Name, ID, Batch, Current Semester, Joined Year, Feedback Given, and Actions. The table contains one row for a student named 'reena' with ID 100, Batch 3, Current Semester 5, and Joined Year 2023. The 'Feedback Given' status is 'NO'. The 'Actions' column has 'EDIT' and 'DELETE' buttons.

S.no	Name	ID	Batch	Current Semester	Joined Year	Feedback Given	Actions
1	reena	100	3	5	2023	NO	EDIT DELETE

The **Student Management** page is a dedicated interface designed to empower the administrators with comprehensive oversight and control over student records.

Key Features:

- **Search & Filter Controls:**
Easily locate student records with flexible search options:
 - Search by **Name** or **ID**
 - Filter students by **Batch**
 - Filter by **Semester**
- **Bulk Delete Functionality:** Quickly delete students based on semester using the "Bulk Delete by Semester" button.
- **Detailed Student Listing:** View an organized table of all students, featuring:
 - Serial number (S.no)
 - Student **Name** and **ID**

- **Batch and Current Semester**
- **Year Joined**
- **Feedback Given** status to instantly identify which students have provided feedback and which have not
- Action buttons for each student:
 - **Edit:** Update student details directly
 - **Delete:** Remove the student from the records

Course management

The screenshot displays the 'Course Management' page within an 'Admin Panel'. The sidebar on the left contains navigation links: Admin HOD, Dashboard, Management (selected), Students, Courses, Faculties, Grievances, Elective Courses, Assignments, and CSV Upload. The main content area features a 'Course Management' header, search filters for 'Search by Name' and 'Search by Code', and a table of courses. The table has columns for S.NO, NAME, CODE, ELECTIVE?, REGULATION, and ACTIONS. Two courses are listed: 'java' (CS100, Yes, 2019) and 'DBMS' (CS101, No, 2019). Each course has 'EDIT' and 'DELETE' buttons.

S.NO	NAME	CODE	ELECTIVE?	REGULATION	ACTIONS
1	java	CS100	Yes	2019	EDIT DELETE
2	DBMS	CS101	No	2019	EDIT DELETE

The **Course Management** page provides administrators with an intuitive and organized interface to manage details of all courses offered under the department.

Key Features:

- **Search & Filter Tools:** Quickly locate courses by typing keywords in the *Search by Name* or *Search by Code* fields at the top.
- **Comprehensive Course Table:** View a tidy table showing all registered courses, with columns for Serial Number, Name, Course Code, Elective Status, Regulation Year, and Actions.
- **Edit & Delete Controls:** For each course, convenient Edit and Delete buttons enable the admin to:
 - **Edit:** Instantly update course details (such as name, code, elective status, or regulation information).
 - **Delete:** Remove a course from the listing as needed.

1	1	J john	professor	0.00/25	LOW	★★★★★ (0.0/5)	EDIT DELETE

The **Faculty Management** page provides administrators with a streamlined interface to efficiently manage faculty information, performance records, and administrative actions.

Key Features:

- **Search & Filter Tools:** Quickly search for faculty members by entering keywords in the search field. Filter faculty listings by *Performance* status or *Designation* using the provided dropdown menus.
- **Comprehensive Faculty Table:** Each row displays faculty details, including Serial Number, Faculty ID, Name, Designation, Average Score, Performance Rating (e.g., "LOW"), and Actions.
- **Edit & Delete Controls:** Easily update faculty details or remove faculty records from the system using the **Edit** and **Delete** action buttons within the table.

Search by student, subject.

All Statuses

ID	STUDENT	CATEGORY	SUBJECT	STATUS	DATE
#0f9840	reena	Academic	abc	PENDING	7/27/2025

The **Grievance Management** page equips administrators with a focused and effective interface to review, track, and resolve student grievances.

Key Features:

- **Grievance List & Overview:** Instantly view all submitted student grievances in a structured table, including essential details such as Grievance ID, Student Name, Category, Subject, Status, and Date of submission. The search bar allows quick filtering by student or subject, while the status dropdown enables filtering by pending, in progress, resolved, or rejected.
- **Detailed Grievance View:** Click on any grievance entry to access detailed information: full description, date submitted, and current status.
- **Status Update & Admin Response:** On the right panel, update the status of a grievance via a simple dropdown menu. Use the "Admin Response" field to provide direct feedback, guidance, or a resolution summary to the student.
- **Back to List Navigation:** Seamlessly return to the main grievances overview with the "Back to List" button.

Elective courses

The **Elective Courses** management page provides administrators with a clear and efficient interface to oversee all elective courses.

Key Features:

- **Course Overview Metrics:** Instantly view statistics at the top of the page, including *Total Courses*, *Filtered Results*, and *Active Filters*, helping admins keep track of all elective courses within the department.
- **Filter & Search Controls:** Easily filter courses using multiple criteria (*Course Code*, *Course Name*, *Semester*). The **Clear Filters** button resets all selection fields for a fresh search.
- **Interactive Elective Course Table:** The elective course list is shown in a structured table with columns for *Course Code*, *Course Name*, *Semester*, *Regulation*, *Actions*. Each row allows administrators to **Edit** (update course details) or **Delete** (remove a course) an elective instantly.
- **Current Course Highlight:** Easily see which electives are currently available by semester and regulation year.

Academic Year2025 - 2026

Current Assignments

ACADEMIC YEAR	BATCH	SEMESTER	COURSE	FACULTY	ACTIONS
2025 - 2026	3	5	java	john (professor)	EditDelete

The **Assign Courses to Faculties** page enables administrators to systematically assign courses to faculty members for a defined academic year and semester.

Key Features:

- **Course Assignment Form:** Select the **Year**, **Batch**, **Semester**, **Course**, and **Faculty** from dropdown menus. The chosen **Academic Year** is clearly displayed for accurate record-keeping.

- **Current Assignments Table:** A live table displays all existing course-faculty assignments, listing, *Academic Year*, *Batch Number*, *Semester*, *Course Name* & *Faculty Name*. Action buttons allow administrators to **edit** or **delete** any assignment.

Elective Student Assignments

The **Elective Courses and Students** page provides department administrators with a dedicated interface to view, filter, and manage assignments of students to their selected elective courses.

Key Features:

- **Summary Metrics:** At the top of the page, prominently displayed boxes show the **Total Assignments**, active **Filtered Results**, and the count of **Active Filters** currently applied.
- **Assignment Filters:** Use the flexible filter bar to quickly locate specific assignments by *Course Name*, *Student Name*, *Register Number* & *Batch*. The **Clear Filters** button lets you reset all applied filters for a fresh view.
- **Assignments Table:** The core table lists each elective assignment, presenting, *Course Name*, *Student Name*, *Register Number* & *Batch*. Each row includes **Edit** and **Delete** buttons, allowing you to promptly modify or remove individual assignments as necessary.

DOWNLOAD TEMPLATE

✓ CSV file should contain columns: s_id, course_code, batch

✓ First row should contain column headers

✓ Each subsequent row should contain student id, elective course code, and batch

✓ Batch should be a number between 1 and 5

✓ Course code must be for an elective course with a faculty assigned for that batch

✓ Make sure all required fields are filled

✓ Maximum file size: 10MB

Upload Course-Faculty Assignments

This page enables administrators to upload student, faculty & course data and manage bulk assignments of students to elective courses as well as the pairing of faculty with their respective courses.

Key Features:

- **Bulk Upload via CSV:** Upload detailed CSV files to streamline the addition and assignment of students to their elective courses or of faculty to assigned courses.
- **CSV Instructions and Templates:** Comprehensive instructions are provided for formatting the upload files. Templates can be downloaded directly from the page to ensure administrative staff comply with required headers and formats.
